Lutherdale is ideally located in southeastern Wisconsin where open space, lakes, and recreation are a way of life. We welcome all faiths, schools, nonprofits, and more, to our beautiful 52 acres of rolling farmland, woods, and pristine shoreline by providing a place away from the busy lives we lead for spiritual growth, rejuvenation, learning, meetings, and recreation. Lutherdale was founded on the shores of Lauderdale Lakes in 1944 and has grown to serving over 10,000 people annually.

**All housing rates are based on a per person charge.**

Must be booked in advance
- Lifeguard Supervised
- $30/hr for swimming
- $60/hr Pontoon or canoe rental

Think Lutherdale for your next event. Come experience hospitality! Cost saving Family Plans are available for parent and child events.
Low Ropes Challenge Course:
Low Ropes is a series of group activities that moves participants away from everyday tasks and challenges them to think logically in solving mental and physical trials together. It helps them think in exciting new ways, and the course is tailored to the goals, abilities, and needs of the group. Low Ropes is led by trained facilitators who focus on both the individual and group. What’s more, low ropes improves skills such as problem solving, critical thinking, communication, and many, many more.

High Ropes Challenge Course:
Just completed in 2010, the High Ropes Course is a great new way to push yourself and reach new heights. Participants are cheered on as they maneuver across cables, ropes, and swings, while group members become coaches encouraging fellow climbers to reach personal goals set at the beginning of each element. The High Ropes Program also features the “Leap Of Faith,” a hair-raising attempt to jump from a pole and ring a cowbell suspended 36 feet in the air. The High Course also includes several team based-elements, where the participant at height is dependent on a partner or a group on the ground to complete the task.

Climbing Tower:
This intense, three sided, 40 ft. climbing tower is not only thrilling, but also teaches many lifetime skills such as goal setting, perseverance, teamwork, and encouraging others. Participants will have two options after completing a climb: descend back down the climbing rope or ride down the 400 ft. zip-line from the top of the tower. Climbers will be taught basic climbing techniques, equipment use, and climbing commands. The climbing tower is also handicap accessible.
